Dear Revels -

I found these old documents relating to the sale of your property in 1926 to Wott & Eleanor & send them on to you with the thought they may be of interest.

If you don't want them — and they have no practical value as far as I can see — throw them out.

The Katonah Gallery plans an exhibit of Wotts work for next winter and I suggested to Debbie McCann, who will organize it, that she get in touch with you. She is on a holiday now but I am sure you will hear from her in due course. Hope you can help us with it.

Have a good summer & all the best to you both

affec.

Tappy
